

7.5 Configure Bill Denominations Long Poll (紙幣のデノミを構成するロングポール<08>/S)

要約: ホストから紙幣のデノミを個別にイネーブル/ディセーブルする;
 → ホスト: タイプSメッセージ(7.5)を送信; eGM: ACK/NACK(7.4b)を返す;

7.5 Configure Bill Denominations Long Poll

A special form of the enable/disable long poll, the configure bill denomination long poll allows the host to enable/disable the bill denominations independently of one another. This type S long poll from the host is detailed in Table 7.5. The gaming machine ACKs or NACKs this message, as detailed in Table 7.4b on page 7-5.
